

COVID-19 INFORMATION

We recognize that it is very important to maintain connections between residents and their families.

These are some of the precautions that we are using to protect our residents:

- Please call the facility when planning a visit.
- Face covering, use of hand sanitizer or handwashing are necessary for everyone.
- Special accommodations can be made for compassionate care/end of life situations; residents with disabilities; or religious exercise.
- Vaccinations are strongly encouraged.

Residents and families can stay connected in a number of ways between visits:

- Telephone contact.
- Sending handwritten letters and cards.
- Using technology, such as video conferencing (Skype, face time), connecting with face book, texting, or email. Our staff can help you with these "virtual" visits.
- "Visiting" through a window or glass door.

Our facility cares about protecting residents and families and abides by state and federal guidelines.
